

Kolkata & Greater Kolkata

2-Layer PCB Manufacturer Contact Directory

UPDATED RESEARCH • September 2026

Contact person • Email • Phone • WhatsApp status • Address • Website • Google Maps • Capability verification

Research standard: Contact names and direct contact channels are included only where a public source supports them. Where no individual or WhatsApp number could be reliably verified, the PDF says so rather than guessing. Howrah and Barrackpore entries are included because they are within the Greater Kolkata sourcing region.

Vendor	Area	Status	Primary contact
Mekatron Systems Pvt. Ltd.	Bansdroni / Regent Park, Kolkata	CONFIRMED — double-sided PTH PCB capability	+91 90510 68111 (registered) +91 93390 03645 (factory)
Phenix PCB	Shibpur, Howrah — Greater Kolkata	CONFIRMED — single/double-sided PCB manufacturing	+91 7003 970 930
Ultimate Systems & Solutions (USAS / PCB Solutions)	Raja Rammohan Roy Road, Kolkata	CONFIRMED — double-side FR4 NON-PTH/JTH; verify PTH requirement	+91 98741 49587 +91 91630 60235
Goodwin Electronics Pvt. Ltd.	Jessore Road / Michael Nagar, Kolkata	2-layer FR4 offering found; verify bare-board fabrication route	+91 90518 81055 (business listing) other public company listings may vary
SR Electrotech	Rajarhat / Salt Lake Sector V	LEAD — PCB design/development/assembly; verify 2-layer fabrication	No reliable public company phone found in the sources reviewed
SCS PCB — Tollygunge	Tollygunge, Kolkata	LEAD — local PCB business; verify exact 2-layer fabrication capability	+91 87778 76507
SCS PCB — Barrackpore	Barrackpore, North 24 Parganas	LEAD — local PCB manufacturer listing; verify exact 2-layer fabrication capability	+91 93303 23090
S.B. Electronics	Sewli / Chapuria / Barrackpore	PCB MANUFACTURER — contact details verified; confirm exact 2-layer stack	+91 98313 89414
MICRON-PCB Manufacturing Company	Shibpur, Howrah — Greater Kolkata	LEAD — PCB manufacturing listing; verify 2-layer capability	+91 98304 41452

1. Mekatron Systems Pvt. Ltd.

CONFIRMED — double-sided PTH PCB capability

Contact person / team	Manufacturing / Sales Team (individual contact person not publicly named on the current official contact page)
Phone	+91 90510 68111 (registered) +91 93390 03645 (factory)
WhatsApp	Not explicitly identified as WhatsApp on the official site
Email	Current official site lists manufacturing/sales email addresses, but the page renders them obfuscated in the public crawl. Older public company material lists: admin@mekatron.in; msplkolkata@gmail.com.
Address	Registered: Flat No. 3, 130/6 NSC Boase Road, Gandhi Colony, Regent Park, Kolkata – 700040. Factory: Shed No. 24, HL Sarkar Road, Near HP Gas Godown, Banshroni, Kolkata – 700070.
Website	https://www.mekatron.in/
Google Maps	Open Google Maps location
PCB capability / note	Official site states PCB fabrication and provides a 2-layer/PTH ordering workflow. Earlier company literature specifically lists PTH PCB products. Contact them first for a 2-layer prototype quote.
Research source	Official: mekatron.in/contact, mekatron.in/order-form; older company PDF: IndiaMART-hosted Mekatron document.

2. Phenix PCB

CONFIRMED — single/double-sided PCB manufacturing

Contact person / team	Sadaf Ali Nafees — CTO & Operations (official site); Nazia Shaheen Akhtar — FO & Acting CEO; Md Ali — Senior Board Member; Mangal Deep Bhowmick — Lithography; Swarup Hazra — CNC & Shipping
Phone	+91 7003 970 930
WhatsApp	Not explicitly labelled as WhatsApp on the official site; use the published number to ask.
Email	info@phenixpcb.com sadaf@phenixpcb.com Nza_fo@phenixpcb.com Md_a@phenixpcb.com Mngdip@phenixpcb.com Swphzr@phenixpcb.com
Address	Workshop: 55/1/5 Shekh Para Lane, Shibpur, Howrah – 711104. Courier Office: 21 GCRC Ghat Road, Howrah – 711102 (desk work only). Head Office: 61 Cowies Ghat Road, Howrah, Shibpur – 711102 (desk work only).
Website	https://phenixpcb.com/
Google Maps	Open Google Maps location
PCB capability / note	Official site explicitly lists single-side and double-side PCBs, prototype and mass production, PCB assembly, FR4, 1 oz/35 µm and 2 oz/70 µm copper options, CNC drilling and electrical testing.
Research source	Official: phenixpcb.com and phenixpcb.com/about.php.

3. Ultimate Systems & Solutions (USAS / PCB Solutions)

CONFIRMED — double-side FR4 NON-PTH/JTH; verify PTH requirement

Contact person / team	USAS sales/support team (individual contact person not publicly named on the PCB site)
Phone	+91 98741 49587 +91 91630 60235
WhatsApp	Not explicitly confirmed on the PCB site
Email	info@usas.in sales@usas.in support@usas.in
Address	P-22/4, Raja Rammohan Roy Road, Kolkata – 700008
Website	https://pcb.usas.in/
Google Maps	Open Google Maps location
PCB capability / note	Official site explicitly lists Double Side FR4 non-PTH (JTH) PCB. If your Gerbers need conventional plated vias/PTH, verify capability before ordering.
Research source	Official: pcb.usas.in and pcb.usas.in/double-side-non-ptth-jth-pcb/.

4. Goodwin Electronics Pvt. Ltd.

2-layer FR4 offering found; verify bare-board fabrication route

Contact person / team	Pradip Das (listed contact person)
Phone	+91 90518 81055 (business listing) other public company listings may vary
WhatsApp	Not reliably verified
Email	No reliable current public email found in the sources reviewed
Address	174, Jessore Road, Sahara Banerjee Para, P.O. Michael Nagar, Kolkata – 700133
Website	https://www.thegoodwingroup.co/
Google Maps	Open Google Maps location
PCB capability / note	A supplier listing describes FR4, 10×10 cm, 2-layer, 1.6 mm PCB/PCBA. Goodwin is also listed as an electronics/EMS company. Confirm whether the bare PCB is fabricated in-house or outsourced.
Research source	IndianYellowPages; MYTAT; local business listing.

5. SR Electrotech

LEAD — PCB design/development/assembly; verify 2-layer fabrication

Contact person / team	Afzal Khan is listed among company employees on LinkedIn; no public role/contact channel was established for RFQ use.
Phone	No reliable public company phone found in the sources reviewed
WhatsApp	Not verified
Email	bd.srelectrotech@gmail.com
Address	LinkedIn lists headquarters in Rajarhat, West Bengal, with a location around Salt Lake Sector 5 Road. A local business listing places SR Electrotech at 808, Madurdaha, Hussainpur, Kolkata – 700099.
Website	https://www.srelectrotech.com/
Google Maps	Open Google Maps location
PCB capability / note	Company profile states PCB designing, developing and assembling, with PTH and non-PTH specialties. The public sources reviewed do not establish a specific 2-layer bare-board fabrication stack.
Research source	LinkedIn company profile + local business listing.

6. SCS PCB — Tollygunge

LEAD — local PCB business; verify exact 2-layer fabrication capability

Contact person / team	No reliably verified public contact person found
Phone	+91 87778 76507
WhatsApp	Not verified
Email	No reliably verified public email found
Address	61, Prince Anwar Shah Road, Khas Mahal, Rajendra Prasad Colony, Tollygunge, Kolkata – 700033
Website	Not reliably verified
Google Maps	Open Google Maps location
PCB capability / note	Local business listing identifies SCS PCB as an electronics/PCB business. Public technical data reviewed was insufficient to confirm 2-layer FR4 + PTH specifications.
Research source	Local business listing.

7. SCS PCB — Barrackpore

LEAD — local PCB manufacturer listing; verify exact 2-layer fabrication capability

Contact person / team	No reliably verified public contact person found
Phone	+91 93303 23090
WhatsApp	Not verified
Email	No reliably verified public email found
Address	15/E, KG School Road, near 45/B, Anandapuri, Barrackpore, Kolkata – 700122
Website	Not reliably verified
Google Maps	Open Google Maps location
PCB capability / note	Local business search identifies a PCB/electronics manufacturer at this address. Verify that it is the same SCS PCB operation and confirm 2-layer FR4/PTH capability before sending Gerbers.
Research source	Local business listing.

8. S.B. Electronics

PCB MANUFACTURER — contact details verified; confirm exact 2-layer stack

Contact person / team	Sk. Sahidul Biswas — Founder & Owner
Phone	+91 98313 89414
WhatsApp	The company's official FAQ says customers can contact them by phone call or WhatsApp; this published number is the contact number.
Email	sbelectronics414@gmail.com
Address	Barrackpore–Barasat Road, Sewli, Telinipara, Chapuria, Barrackpore, North 24 Parganas, West Bengal – 700121
Website	https://www.thesbelectronics.com/
Google Maps	Open Google Maps location
PCB capability / note	Official site identifies the company as a PCB manufacturer and explicitly instructs customers to send Gerbers/reference designs with quantity and material by email or phone/WhatsApp. Confirm 2-layer FR4/PTH details for your exact files.
Research source	Official: thesbelectronics.com; Trustpilot company profile identifies Sk. Sahidul Biswas as Founder & Owner.

9. MICRON-PCB Manufacturing Company

LEAD — PCB manufacturing listing; verify 2-layer capability

Contact person / team	No reliably verified public contact person found
Phone	+91 98304 41452
WhatsApp	Not verified
Email	No reliably verified public email found
Address	123, Ramkrishnapur Lane, Shibpur, Howrah – 711102
Website	Not reliably verified
Google Maps	Open Google Maps location
PCB capability / note	Local business search identifies a PCB manufacturing company at this address. Public sources reviewed did not provide enough technical information to confirm 2-layer FR4/PTH.
Research source	Local business listing.

Ready-to-send RFQ — 2-layer prototype PCB

Subject: RFQ – 2-Layer FR-4 PCB Prototype Manufacturing

Hello,

I am Tirthankar Dasgupta from Dgen Technologies Private Limited. We are looking for a PCB manufacturing partner for a prototype electronics board.

Please quote for the following:

- Board type: 2-layer / double-sided FR-4
- Thickness: 1.6 mm
- Copper: 1 oz / 35 µm
- Solder mask: Green
- Silkscreen: White
- Surface finish: HASL / lead-free HASL (please quote ENIG separately if available)
- Quantity: 5–10 pcs initially
- Electrical testing: Required
- CNC routing / board outline: Required
- PTH / plated vias: Required where present in the Gerbers
- Please confirm your minimum track/space, minimum drill and annular-ring capability.

I can provide the Gerber files and NC drill files for quotation.

Please share:

1. PCB fabrication price
2. GST
3. Shipping to Kolkata
4. Lead time
5. Setup/tooling charges, if any
6. Prototype MOQ
7. Whether fabrication is done in-house
8. Whether PCB assembly is available as an additional service

Thank you,

Tirthankar Dasgupta

Dgen Technologies Private Limited

Recommended first outreach order

1. **Mekatron** — strongest local fit for conventional PTH PCB work.
2. **Phenix PCB** — explicitly advertises double-sided PCB, FR4, prototypes and electrical testing, with named technical contacts.
3. **S.B. Electronics** — useful Barrackpore option with a named owner and explicit phone/WhatsApp/email ordering route.
4. **USAS** — confirmed double-sided FR4, but their published capability is non-PTH/JTH, so verify plated vias/PTH.
5. **Goodwin** — useful EMS/PCB lead; verify whether bare-board fabrication is in-house.

The remaining local leads are included for additional quotations and should be technically verified before sending production files.

Privacy: The RFQ deliberately avoids the product name, robot name, architecture, functionality and unnecessary design details. Send only Gerbers/NC drill, dimensions, stack-up, finish, quantity and assembly information needed for manufacturing.
